Type Of Service

Employment / Education and Training |

We support the following age groups:

0-5 Years | 5-11 Years |

Can siblings who are not disabled use your service?

How do you aim to meet the unique needs of the child?

We know when children need help if:

- concerns are raised by parents/carers, teachers or the child's previous school or pre-school
- the child's progress and/or attainment is significantly below age related expectations
- there is a significant or prolonged change in the child's behaviour
- a child asks for help

If your child is not making expected progress or if there is another indicator of concern the school will discuss with you

- any concerns you may have
- any further interventions or referrals to outside

professionals to support your child's learning how we can work together, to support your child at home and at school

Sometimes a child may need some short-term help if there is a change in circumstances e.g. a bereavement or family breakdown. Please talk to your child's class teacher, the Special Educational Needs Co-ordinator (SENCO), or the Headteacher. At Midsomer Norton Primary School, Sarah Biss is the SENCO. Your concerns will always be taken seriously – your views on your child's development and progress are always valuable.

How do you promote positive relationships and ensure good, ongoing communication with families?

Class teachers are happy to discuss how well your child is doing; these discussions do not need to be limited to the regular Support Plan meetings. Some children may also have a home/school communication book so that parents/carers and teachers can monitor progress, record concerns or share achievements.

All reports from outside agencies are passed to you with their ideas for support or resources that may be used at home.
