About the Service

About the Organisation

Our physiotherapy out-patients service provides holistic assessment and treatment for a range of painful joint, muscle and nerve problems.

This service is available for people who are registered with a GP in the Bath and North East Somerset. If you have a BA1 postcode your musculoskeletal physiotherapy is provided by the Royal United Hospital or via your GP.

Our outpatient Physiotherapy service provides advice, treatment and rehabilitation as appropriate for the following conditions:

- Joint aches and pains including osteoarthritis
- Spinal problems including back and neck pain
- Sporting related injuries or conditions
- Longer term pain-related conditions
- Rehabilitation following fracture or surgery

When you attend the service, you will receive a thorough assessment and agree a treatment plan with the Physiotherapist to help you achieve your goals.
